- *Summer Camp in Charlottesville, VA*

“We provide services for individuals with disabilities. Summer camps provide a vacation for our campers in an accommodating and accepting environment. We are not able to provide these services without our international team members.”

- *Summer Camp in De Moines, IA*

“With staff from a wide variety of locations our campers get a broader view of the world, gaining a better understanding of the differences, but even more importantly the similarities we share with others. Without our international staff several recreational areas were not offered and we lost attendance due to not being able to offer some of our most popular activities.

- *Summer Camp in Lake Zurich, IL*

“What happened in 2021 cannot happen again; my business will not survive another season like 2021, and our current survival "success" was as much luck as it was blood, sweat, and tears.”

- *Summer Camp in Thompson, CT*

“Future lost revenue due to the lower level of customer service. I have families who will not return this year due to their kid's experience at camp and how it was impacted because I had fewer staff members than normal.”

- *Summer Camp in Jaffrey, NH*

“Due to the staffing shortage we were not able to open all of our camp cabins so we were not able to take as many campers as we would have any other years (lost sales) and parents were also not able to get the child care they needed to be able to fully go back to work.”
